The problem is how to save and how to utilize, how to conserve and still develop; for no same person can contend that it is for the common good that nature's blessings are only for unborn generations.

Much confusion, fraud and contention has arisen from lack of classification of public lands and their contents.

It may be necessary by laws that are really only experimental to determine from their practical operation what is the best method of securing the result simed at.

It is incumbent upon the government to foster the resources of the country that produce the food of the people.

Validation of withdrawals of public lands, and power given the Secretary of the Interior for temporary withdrawals, pending legislative recommendation.

Disposal of surface lands under general statutes, with legislation to permit lense of mining rights under royalty basis.

Interdiction of monopoly in lensing water sites and limiting use to thirty years, with renewal right, at graduated rental.

Hond issue of \$30,000,000 for completion of reclamation projects, to be taken up from proceeds of public lands.
